

Hoe Down

Lyrics, Peter Sills
Music, Mark Cox

I'm a guy, I'm a guy, I'm country pie
You're a girl, you're a girl, a strawberry whirl
You and me, you and me, it's plain to see
Love is an N-E-CES-SI-TY

All the town are here tonight
Dance with me - till morning light
When the band ske-dad-dle home
We'll make sweet music of our own

Chug-a-lug, chug-a-lug, that's how I feel
Spinning round and around like old cart wheels
You're a girl, you're a girl who turns me on
Love is a FOR-GONE-CON-CLU-SION

All the town are here tonight
Tongues a-wagging that's alright
Let them whisper let them shout
Let's give 'em something to talk about
